For over 45 years, SLAAPS has been committed to raising the bar for administrative and professional secretaries in Sri Lanka. Our journey wouldn't have been possible without the immense dedication of our Past Presidents, the support of our Board of Advisors and Trustees and our incredible members. Together, they've been the heart and soul of SLAAPS and we owe so much of our success to their passion and hard work.

This year's theme, "Empowering Diversity Beyond Borders" is all about celebrating what makes us unique while recognizing that these differences are what drive innovation and creativity. As the world evolves, so does our profession and at this Congress, we'll dive into how diversity can unlock opportunities for growth and collaboration in ways we've never seen before.

Get ready for an inspiring, fun-filled and unforgettable experience!

From meaningful conversations to exciting new friendships, we promise this Congress will leave you energized and ready to take on the world.

See you in Colombo – it's going to be amazing!

Warm regards,

ABOUT SLAAPS

The Sri Lanka Association of Administrative and Professional Secretaries (SLAAPS), founded in 1978 by the late Mr. Eric B. M. De Silva, is the foremost registered association in Sri Lanka dedicated to Administrative and Professional Secretaries. Our association was established to elevate and advance the standards of the profession and we are committed to representing our members' interests with both timeliness and relevance.

As the only association in Sri Lanka affiliated to ASA for over twenty five years, SLAAPS has proudly represented Sri Lanka on the regional stage. We unite administrators and professional secretaries from various fields, fostering connections and bridging gaps between like-minded professionals.

We are honored to be the host of the 26th ASA Congress in 2025. This prestigious opportunity highlights our dedication to advancing the profession and underscores Sri Lanka's growing prominence in the global community.

ABOUT ASA

Association of Secretaries and Administrative Professionals in Asia Pacific (ASA) was established as a visionary initiative of the Philippine Association of Secretaries (PAS) under the leadership of the late Mrs. Virginia P Elbinias. The concept emerged with the intention of bringing together secretaries from neighboring Asian countries and the broader Asia-Pacific region in Manila. The goal was to foster idea exchange, build friendships and unite for a common purpose.

ASA was officially founded on February 22, 1974 during its inaugural Congress in Manila. This pioneering event welcomed delegations from Australia, Hong Kong, Indonesia, Japan, Malaysia, Republic of China, Philippines, Singapore and Thailand. A Charter was created and signed by the Presidents of the Philippine Association of Secretaries (PAS) and the Women Secretaries' Association of Thailand (WSAT), marking the beginning of ASA's rich history.

Since then, ASA Congresses have been held biennially, with each member association hosting on a rotational basis according to their seniority within ASA. To date, 25 Congresses have been successfully conducted, drawing together administrative professionals from diverse backgrounds, cultures and work environments across Asia-Pacific and beyond.

ASA's core objectives are to enhance professional recognition and to promote friendship, understanding and unity among its members. Over the years the exchange of ideas among like-minded professionals has been a hallmark of ASA's success and we look forward to continuing this tradition for many years to come.
